

## QUICK AND SIMPLE TENDERING PROCESS

### WHO ARE WE

We work closely with our consultants and brokers to develop products that meet the specific demands of medium and large businesses.

### BECOME A BROKER

As a Hudson Energy broker you will have access to your own dedicated Sales Account Manager, and benefit from their expert knowledge to ensure a quick and effective tendering process.

### INTERESTED?

Are you a broker interested in forming a relationship with Hudson Energy for medium and large business contracts?

ONLINE PORTAL

Our flexible structure means customers can choose between fixing all their energy costs up front for budget certainty, or leaving some as pass-through to obtain our very best prices. We also have the option to supply 100% renewable electricity to support businesses tackle climate change.

Contract terms can be of any length and agreed at a time which suits the customer. And for multi-site customers, there is the option to provide single prices and align end dates.

### ONLINE PORTAL

Our unique online portal gives you instant access to:

-  Real time pricing for each product
-  Support materials including presentations, brochures, and product information
-  Past quotes and transactions
-  Current customer account information
-  Alerts for accounts due to renew within a six-month period
